Trespass Offering Part 3b

When we see the patterns of God will we be obedient or disobedient?

If we do not take care of the trespass offering we give the enemy full reign to complete his commission John 10:10 to kill, steal and destroy. He is a legalist and will take advantage of whenever we are outside Gods pattern.

Sin requiring a trespass offering, man sleeping with his fathers wife.

Paul yields the man over to Satan, destruction of the carnal nature, not the flesh. How do you release a person to Gods judgement? You have the ability to do it according to Paul.

Satan can set up a trespass in your offering and make you unfruitful. 2 Tim 4:14 Paul writes about Alexander's harm to his ministry.

In your life there are two classes of people will come – those sent to work a work of righteousness and those sent by the enemy to destroy you.

When David came to the brook before he slew Goliath he picked up 5 smooth stones. Stones that had banged against each other, that's what happens in a congregation. There is an epidemic of offence within the church.

David picked up 5 giant killers, because a smooth time flies direct. We need to stop in fellowship with a group of giant killers.

Ask the Lord to increase your ability to love – if you dare.

The enemy tries to destroy with envy, jealousy etc. How do you deal with the hurts, you are not immune from hurt? Saying you forgive and then living it is a different matter.

You cannot live the crucified life unless somebody does it to you. Normally someone who is closest to you, the one you trust and love the most. That's the person you have to say I forgive you.

The person who comes to work a work of righteousness will hurt. Perfection hurts. Surgery hurts. Being smoothed hurts. You are going to become a giant killer. Those that hurt you as work of righteousness will be blessed for their works.

We have to say "Lord you reward them for their works"

Matt 18:21 How often shall I forgive a brother. Many have sleepless nights because of unforgiveness, turned over to the tormentors if you do not forgive a brother his trespasses.

1 Cor 6:7 why do you not suffer wrong?
